Preface

Dear family,

It is with great pleasure that we present the second edition of our descendance report, a testament to our collective efforts in preserving and celebrating our rich heritage. Over the past year, we have witnessed the enthusiasm of many family members who actively contributed to this initiative, and their dedication has been truly commendable.

While we celebrate these achievements, we acknowledge that there is still work to be done. Many family members are yet to fill out the data sheets, and their participation is crucial for the success of our mission. We encourage each member to contribute their part, recognizing that our collective effort is what makes this endeavor meaningful.

The data sheets with instructions are available through the following link <https://pahun.ca/include-us/>

We are committed to preserving and sharing our family story, and we are thankful to everyone who has helped us along the way.

We hope this report connects us across generations, creating a strong sense of unity and belonging within our diverse family.
